1. Governing rules

The Official Special Olympics Sports Rules for Dancing shall govern all Special Olympics competitions. If there are any conflicts with the Official Special Olympics Sports Rules for Dancing or Article I, the Official Special Olympics Sports Rules for Dancing shall apply.

1.1. Disciplines and Categories

Dance sport has four disciplines which are Ballroom Dances, Streetdance, Ballet and Specialty and four categories which are Solos, Duos, Couples, and Teams.

Competitors with intellectual disability are referred to as the 'Athletes'.

An 'Athlete' can register for only one out of the four Disciplines in the same Special Olympics Dance Sport Competition. The technical delegate can allow 'Athletes' to compete in up to two different categories within one and the same discipline (e.g. Ballroom Couple and Ballroom Team or Folk-Dance Solo and Folk-Dance Duo).

However, the routine/choreography mustn't change.

'Athletes' are not allowed to compete with the same routine as the previous Special Olympic World Dance Competition.

1.2. Age and Sex

The minimum age is 8 years for any competition, but World Games. The minimum age for World Games is 16 years. Wild card holders might get accepted to compete, although they are not 16 years. However, accepted wild card holders mustn't be under 8 years.

The technical delegate can divide Solos and Duos in male and female categories. This depends mostly on the total number of performances in each discipline. Couples and Teams will not be divided in males and female categories.

1.3. Divisioning

Before the main Competition (Finals) a day of divisioning will be held. The competitors will all dance twice on two separate days, possibly at separate locations. There might be a day of rest in between Divisioning and the main Competition.

The divisioning will be judged by an independent team of a minimum of three judges who can also be judging officials during the main Competition. However, the same technical delegate will be in charge for the divisioning as well as for the main competition.

1.4. Main Competition (Finals)

After divisioning dancers will know in which Division they will compete. A division can hold between three and eight Solos/Couples/Duos/Teams.

1.5. Award Ceremony

Every 'Athlete' who competes at the Special Olympic Dance Sport Competition is obligated to attend the Award Ceremony, which could be held on a separate day from the Competition. Each 'Athlete' will receive a medal of participation, it is important to be there to receive it. Hard work is paid off with a medal, which might include Bronze, Silver, or Gold. 'Athletes' should not miss out on that special moment.

14. Code of ethics

All unified partners, either in Couples, Duos or Teams understand it is expected of them to know the routine they are participating inside and out, to ensure integrity of the overall performance and respect to the 'Athlete'.

15. Pledge of allegiance

By registering for the Special Olympics Dance Sport Competition each 'Athlete' pledges to the responsibility it carries being a competitor and will help broaden the overall message of inclusion that SOI stands for in their home country while preparing for the Special Olympics. Soloists, couples, duos, teams, their leaders, teachers, and coaches, will put as much effort into raising awareness of the 'Athletes' ABILITIES in the local communities, press, and media, as the dance rehearsals. An 'Athletes' purpose goes well beyond the dance routine and the competition, which the 'Athletes' passionately integrate in their daily lives.

16. Acknowledgment

This first rulebook has been composed by the Chair of Dance Sport of Special Olympics Resource Team Dr. Pierre Gider and Special Olympics Ambassador for Dance Sport Louis van Amstel.
